# Some Helpful Hints!!

## **Don't wait until the last minute to order!!**

It's Monday and you need some stuff this week. Snow is expected on Thursday but you wait until Wednesday to place an order. That's when the nice girl at the office says, "I'm sorry but we're all booked up." Avoid this situation by calling early. We'll gladly take your order up to two weeks in advance!! You can always add items to the order before the 3 PM deadline.

## **Schedule delivery on a day you'll be home.**

You were sure you'd be back home before lunch, but traffic was heavy and the doctor's office was jammed! Now you've missed the driver by only 15 minutes, and incurred a redelivery fee of \$10. Oops!! To keep this from happening be sure to schedule your delivery on a day when you know you'll be home.

## **Call to find out your delivery time.**

You're expecting the driver between 11 and 5 today. It's a beautiful afternoon and the dog really wants to go for a walk. You don't want to miss the driver but waiting around doesn't sound like much fun. What can you do? Call the office! We post a route schedule every morning after 9 AM so you can plan accordingly.

## **Remember the 3 PM deadline.**

You placed an order this morning for a delivery tomorrow. It's 3:45 when you get this craving for Breyer's Chocolate ice cream. You start dialing to make an addition when you remember there's a 3 PM deadline for next day deliveries. It's too late. Oh well, you really didn't need the ice cream anyway. The bathroom scale is grateful for deadlines.

## **Be prepared for the driver.**

The driver is there, your groceries are there, but your checkbook is nowhere to be found. AAghhh!! Finally you remember where it is but in the rush forget to include a tip in the check for the driver. Next time be prepared. Get a check ready with the coupons. Write out the date and "E Z Pantry" so you just fill in the amount and sign it. Your delivery shouldn't be a mad dash.

## **Remember the customers after you.**

That E Z Pantry driver is always so nice, he won't mind checking a few items you might return if the sodium content is too high. You'll try not to keep him too long, it's only 9 things. Hold it!! Other customers are waiting!! Please keep us on schedule by helping the driver move on to his next delivery. Call the office for any questions or exchanges you may have.

## **Have smaller bills when paying cash.**

The total of your order comes to \$142.99 and you take out two \$100 dollar bills. The driver looks at them and says "Uh-oh". Remember . . . For the safety of our drivers they carry only a small amount of change. Please take this into consideration if you're paying cash. Large bills will often present a challenge.

## **Thank goodness for substitutes!**

You're down to the end of your last roll of Charmin and there's company coming for dinner. The driver arrives and says "Charmin was sold out", (you panic!!) "so we brought you Northern instead. Would you like to keep it?" Whew!! Thank goodness for substitutes!! The ONLY time we ever substitute an item is if the exact item you ordered isn't available. Just like at the local supermarket, the shelf is sometimes empty. Our policy is to send you *something* rather than nothing, giving you the option to accept or decline. Substituted items will be marked on your invoice so check it out when the driver gets there. Anything you don't want can be returned on the spot and the amount deducted from your total. We try to send things that make sense, a smaller size, or other brand.

**Hope our hints have been helpful!  
Thanks for reading!**
